

# THE SCIENCE, EVIDENCE & ETHICS of ANTHROPOGENIC GLOBAL ENVIRONMENTAL CHANGE

HNRS 1035, Fall 2021  
Wednesday / Friday, 1:00-2:20 PM  
218 French House  
Professor Kyle E. Harms (kharms@lsu.edu)

We humans have had an enormous influence  
on the global environment

Together, let's examine, analyze, and discuss what we know about –  
and how we might respond to – some of the most prominent changes  
(including those that have altered the Earth's  
biodiversity, climate, and ecosystems)
